## 2023 Operation Renewed Hope Initiative

Christopher Companies, on behalf of the Christopher Cares Foundation, is serving as HomeAid's Builder Captain on the latest Operation Renewed Hope Foundation initiative to provide housing to homeless veterans. This initiative will include transforming an existing 3 bedroom, 2.5 bathroom home in Alexandria, VA to a 5 bedroom, 4.5 bath home with additional modifications for increased space and handicap-accessibility.

### How we are contributing:

- Recruiting various trade partners to assist in donating services, time and materials needed to this project
- Hands-on involvement in the demolition and construction progress itself
- Providing funding needed to complete the project
